The Board of Williams County Commissioners met on their regular meeting day with the following members present:

Lewis D. Hilkert

Duane F. Votaw

THURSDAY, April 10, 2008

9:00 Senior Center Advisory Board

10:05 Oakley Roberts met with the Commissioners to discuss an estimate for sanitary sewer hookup on SR 576. Denny Bell, Engineer, was also present. His estimate is \$20,000. Mr. Roberts disagrees with the assessment because he only needs a hookup where he wants to build his home; not on his entire 14 acres. The Commissioners discussed with Mr. Oakley some possible options. One option being getting a CAUV approval. If that doesn't work, then he could pay to have 1 or 2 acres surveyed off and then have another estimate just on those couple of acres.

10:25 Randall Guise met with the commissioners to discuss the catch basin. Denny Bell, Engineer was also present. Mr. Guise explained that the catch basin, in his opinion, was not working. All of the tile is plugged. His neighbors are not doing anything to help pay for this water that runs onto Mr. Guise's property. Mr. Bell stated they are ready to write their final report and recommend this for permanent maintenance from the road to the outlet on Mr. Guise's property.

10:45 Mr. Hilkert moved to enter into executive session under ORC 121.22 to discuss acquisition of property; seconded by Mr. Votaw. Roll call: Mr. Davis, yes; Mr. Hilkert, yes; Mr. Votaw, yes. 11:00 Executive Session adjourned. No action taken.

11:00 Barb Lingvai met with the Commissioners to discuss estimates for repair of their Hot Shot Vehicle. She has two estimates: One from Carl Lillard at the Engineer's Office; the second from Auto Plaza. The commissioners requested to have Auto Plaza look at the engine to see if the engine needs work.

1:15 Mail for the day was reviewed. Mr. Hilkert moved adoption of the resolution to pay the bills submitted as of this date, seconded by Mr. Davis. All voted yes.
